HOLLIS SALUTES BEAVER BROOK ASSOCIATION IN ITS 21ST YEAR

Founded just two decades ago, Beaver Brook Association is continuing to evolve as a community resource and outdoor learning center on the fringes of the Town of Hollis. Its purpose is to help promote a knowledge, understanding, and appreciation of the natural world among students of all ages.

The dream of what the Association was to become was first conceived by Hollis P. Nichols in 1964 at his family summer home on Love Lane. For the past twenty years it has been nurtured by Ellen B. Nichols and Jeff Smith, eventually increasing from a modest six-acre beginning to the largely contiguous tract of unspoiled land that encompasses more than 1700 acres in Hollis and Brookline and includes several building complexes.

The majority of the land is managed as a part of the tree farm system and as a wildlife refuge crisscrossed by hiking trails. As a green belt in the fastest growing area of the state, Beaver Brook lands guard an essential watershed as well as protect the Hollis area from further encroachment by builders. It has been called an exemplary conservation center and, by accumulating 120 separate parcels of land, an extraordinary accomplishment.

It is in the field of education in the natural sciences that the trustees and staff focus their attention. Chartered by the state as an educational and charitable corporation, Beaver Brook is a non-profit organization open to the public. It is probably unique among associations of its kind because it has no membership requirements or dues. The public is invited to share its programs and resources.

For a number of years Beaver Brook sponsored a natural science teacher in the Hollis and Brookline elementary schools. Today it is concentrating on developing learning units that will be used at Beaver Brook. Through its education coordinator, the Association will be

reaching out into this and surrounding communities to encourage individuals and groups to come and use its assets, to supplement existing programs or to participate in new ones. On this outdoor campus nature can be studied and enjoyed first-hand in every season of the year.

Beaver Brook offers a variety of activities. At no cost the land can be used for passive recreation (hiking, cross-country skiing, snowshoeing, fishing, bird-watching, etc.). Visitors may walk the trails or join a group with a volunteer or staff member to investigate wildflowers, birds, animals, or the varied terrain. For a nominal fee they can participate in courses and workshops in subjects like forestry, wildlife management, and horticulture. From pre-schoolers to adolescents, the young can attend summer and after-school programs in nature studies, arts and crafts, and story-telling. People of all ages are invited to lectures, demonstrations, and festivals which promote an appreciation of the world around us.

The focus at Beaver Brook in the immediate future as it begins its third decade will be the development of a corridor effectively linking the Brown Lane office and barn with the complex of buildings and facilities at Maple Hill Farm on Ridge Road. Accessible from either end and already connected by a footpath, this area will be the focal point for a more intensive educational experience that will include bodies of water, wildflower plantings, naturalized areas, monitored forestry projects as well as signs and stations explaining notable sights along the way. Learning units for use by visiting groups will also be developed to supplement the educational possibilities.

Often in the past, with such a rich variety of sites and facilities at the public's disposal, Beaver Brook has been host to distant schools and organizations which need supplemental programs in such fields as pond ecology, orienteering, and water testing. Closer to home Scouts have studied forestry techniques, trail maintenance, and the uses of common herbs. At Maple Hill Farm garden allotments are offered individuals and organizations in the growing season, horticultural programs throughout the year, and Garden Clubs are encouraged to tour the plantings and use the reference library. Meeting places are frequently offered locally to organizations with educational aims.

Because Beaver Brook operates with a small paid staff, it is dependent on its many knowledgeable and enthusiastic volunteers. Some of these lead walks, tend the libraries, and contribute their time and talents to plan programs and man festivals. Without their help and participation the Association could not function as effectively or answer a need in a wider audience of schools and organizations that promote learning.

Today, as the Association begins another decade as a learning center and unusual community resource, it extends to the people of Hollis and surrounding communities a special invitation to participate, to use its miles of trails for recreation, its programs for learning, and its facilities for enjoying the bounties and delights of the natural world as part of the Hollis experience.

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 7:00 A.M. TO 7:00 P.M.

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Hollis on Tuesday, the twelfth day of March, next at 7:00 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To conduct other business by official ballot.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and eighty-five.

/s/ Frederick Q. Gemmill

/s/ Richard A. Walker

/s/ Philip W. Mercer

Selectmen of Hollis

Selectmen of Hollis

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Walters Auditorium in said Hollis on Wednesday, the thirteenth day of March, next at 7:30 of the clock in the evening to act upon the following subjects:

1. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
2. To hear reports of Selectmen and other Town Officers and Committees.
3. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
4. To see if the Town will vote to authorize the Tax Collector to accept prepayment of taxes in multiples of \$10.00.
5. To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its previous appropriations and its 1985 appropriation, said funds to be placed in a special conservation fund in accordance with the procedures set forth in RSA 31:95-b.
6. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the state, federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b.
7. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following specific purposes and in the amount indicated herewith or take any other action hereon. Highway Department: \$32,219.30.
8. To see if the Town will vote to make the Planning Board an elective office beginning in 1986, electing three (3) members and two (2) alternates separately for a two (2) year term and a like number the following year. The selectmen shall choose one (1) member from their own board who will have full voting rights but be ineligible to chair the board. Any resignation of a member shall result in the full board choosing a new member from the alternates and appointing a new alternate. Absences will be filled from the alternates at the chairpersons discretion. Current appointees to be retired as necessary and

all by 1987 election. The least senior members of the current board to be retired first. The effect of this act will be to establish an elective board of six (6) plus one of the selectmen over a two (2) year period.

9. To see if the Town will vote to approve the State Department of Public Works and Highways Betterment Project for N.H. Route #130 from Pine Hill Road to N.H. Route #122 to be built to standard highway specifications with State/Federal highway funds.
10. To see if the Town will vote to terminate the interest of the public, if any, in the "cross road" between Rideout Road and the road from Rideout Road to the road to Lone Pine Hunters Club, as shown on Hillsborough County Registry of Deeds Plan 13584, entitled CONSOLIDATION AND SUBDIVISION PLAN PREPARED FOR GERALD W. HOLMBERG & THOMAS H. FAIR LOCATED ON RIDEOUT ROAD, HOLLIS, N.H.
11. To see if the Town will appropriate \$15,000 to purchase a new $\frac{3}{4}$ ton truck and authorize the Selectmen to withdraw a sum not to exceed \$15,000 from the $\frac{3}{4}$ ton 4x4 pick up truck Capital Reserve Fund.
12. To see if the Town will appropriate \$35,000 to purchase a new Diesel Dump Truck, raising \$25,000 and withdrawing \$10,000 plus accumulated interest from the Diesel Dump Truck III Capital Reserve Fund.
13. To see if the Town will appropriate \$58,000 to purchase a new Forest Fire Truck, raising \$42,000 and withdrawing \$16,000 plus accumulated interest from the Forest Fire Truck Capital Reserve Fund.
14. To see if the Town will raise and appropriate the sum of \$10,000 for negotiating the acquisition of land for a new Communications Center and Police Station.
15. To see if the Town will raise and appropriate the sum of \$8,000 to be placed in capital reserve fund for a Grader.
16. To see if the Town will raise and appropriate the sum of \$4,000 to be placed in capital reserve fund for Town Highway Garage Expansion.
17. To see if the Town will raise and appropriate the sum of \$5,000 to be placed in capital reserve fund for a Diesel Dump Truck I.
18. To see if the Town will raise and appropriate the sum of \$5,000 to be placed in capital reserve fund for a Diesel Dump Truck II.

19. To see if the Town will raise and appropriate the sum of \$5,000 to be placed in capital reserve fund for Fire Trucks.
20. To see if the Town will raise and appropriate the sum of \$2,000 to be placed in capital reserve fund for a Rescue Van.
21. To see if the Town will raise and appropriate the sum of \$6,000 to be placed in capital reserve fund for an Ambulance.
22. To see if the Town will raise and appropriate the sum of \$5,000 to be placed in capital reserve fund for a Ladder Truck.
23. To see if the Town will raise and appropriate the sum of \$60,000 to be placed in capital reserve fund for a Communications Center and Police Station.
24. To see if the Town will raise and appropriate the sum of \$10,000 to be placed in capital reserve fund for Library Expansion.
25. To see if the Town will raise and appropriate the sum of \$5,000 to be placed in capital reserve fund for Town Hall Expansion.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and eighty-five.

**1984 REPORT OF
MELANSON PROFESSIONAL ASSOCIATION
CERTIFIED PUBLIC ACCOUNTANTS**

May 21, 1984

To the Board of Selectmen
Town of Hollis
Hollis, New Hampshire

We did not observe any major weaknesses in the system of accounting controls, in connection with our examination of the December 31, 1983 financial statements of the Town of Hollis, New Hampshire. However, we did observe some bookkeeping practices and related procedures in the Tax Collector's office, the Library and the Fire Department which could be improved. Our observations are summarized below.

Tax Collector's Office

Procedures in the Tax Collector's office could be improved by the acquisition of a cash register and validator. Payments could be validated as received, with validated copies available for taxpayers. Daily summaries obtained from the register should be balanced to receipts and validated tax bills, and deposits made intact for each day's receipts.

Validated tax bills retained by the Tax Collector should be filed chronologically, by date received, including copies of register tapes. They should be filed in a proper medium such as an envelope or folder, and properly labeled.

By following the above procedures, recordkeeping of the daily cash book could be streamlined to contain only daily summaries of receipts, rather than details of each transaction.

Library

We have recommended changes to Library bookkeeping practices which will facilitate reconciling the Library's records. Changes discussed with Trustees of the Library and presently underway include:

- a modification of the cash book;
- monthly totalling and balancing procedures;
- revised bank statement close out dates;
- filing procedures for cancelled checks and bank statements;
- separate records for the Building and Zylonis Funds; and
- selection of higher yielding investment accounts.

We are confident that the implementation of our recommendations will significantly improve the bookkeeping practices of the Library.

Fire Department

Improvements could be made to the accounting records and procedures followed by the Fire Department. Cash receipts records should include the date of deposit. Furthermore, responsibilities associated with receiving, recording, depositing, disbursing and reconciling cash should be divided among two or more individuals in a way that guarantees the accuracy of each person's work. Finally, several of the nine bank accounts could be consolidated, reducing the effort required to reconcile the accounts and offering a greater pool of cash for investment purposes.

We would like to thank the Town officials and staff for the cooperation and courtesy given to us during the course of the engagement. We are proud to have been selected and retained as your independent accountants and we are pleased with the improvements that have been made to the accounting system over the years that we have been your accountants.

Very truly yours,
Melanson Professional Association

TOWN OF HOLLIS, NEW HAMPSHIRE

TOWN OF HOLLIS, NEW HAMPSHIRE

Notes to Financial Statements

December 31, 1983

I. Summary of Significant Accounting Policies

The accounting policies of the Town of Hollis as reflected in the accompanying financial statements for the year ended December 31, 1983 conform to generally accepted accounting principles for local government units, except as indicated hereinafter, as amended by Statement 1, Governmental Accounting and Financial Reporting Principles, issued by the National Council on Governmental Accounting. The more significant accounting policies of the Town are summarized below:

(A) Fund Accounting

For reporting purposes, the financial activities of the Town are accounted for through the use of several funds and a long-term debt group of accounts. Each fund is a separate accounting entity with self-balancing accounts. The following types of funds and account groups are used by the Town:

Governmental Funds

- i The General Fund—to account for all financial activities of the Town, except those required to be accounted for in another fund. Most revenues and expenditures of a general governmental nature are accounted for in this fund.
- ii Special Revenue Funds—to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditure for specified purposes. The only special revenue fund maintained by the Town is for federal revenue sharing.

Fiduciary Funds

- iii Trust Funds—to account for assets held by the Town in a trustee capacity. These include expendable trust funds, and non-expendable trust funds. Expendable trust funds allow for both the principal and earnings to be spent for particular purposes, whereas, non-expendable trust funds allow only the earnings to be spent. The Town maintains the following expendable trust funds:

Cemetery Trust
Fire Department
Library
Conservation Commission
Capital Reserve

In addition, the Town maintains the following non-expendable trust funds:

High School
Library
Public Welfare
Cemetery
Nichol's Fund

Account Groups

- iv General Long-Term Debt Group of Accounts – to account for the unmatured principal on long-term general obligation indebtedness.

(B) Bases of Accounting

The accrual basis of accounting is used for the Town's fiduciary type funds. The modified accrual method of accounting is used for all governmental fund types. Under the modified accrual method, revenues are recorded when susceptible to accrual (i.e., measurable and available to finance the Town's operations) and expenditures, other than interest on long-term debt, are recorded when the liability is incurred.

(C) Fixed Assets

Property, plant and equipment acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Generally accepted accounting principles require that such assets be accounted for in a "general fixed assets group of account." The Town does not maintain such an account group.

(D) Budgetary Data

i General budget policies

The Town's budget was originally prepared by the Selectmen's Administrative Assistant with the co-operation of the various department heads. It was then submitted to the Budget Committee, in accordance with the Municipal Budget Law. After reviewing the budget, the Committee held a hearing which was open to the public for discussion.

The final version of the budget was then submitted for approval at the annual Town meeting held in March 1983. After the budget was approved at the Town meeting, it was compiled on the statement of appropriation and sent to the State in order to establish the 1983 property tax rate.

The Selectmen cannot increase the total of the approved budget, however, they have the power to reclassify its components when necessary.

ii **Budget basis of accounting**

The budget appearing on page 4 of the financial statements consists of the balances from the approved statement of appropriations, plus prior year reserve for encumbrances and continuing appropriations, less current year reserve for encumbrances and continuing appropriations. In addition, there were several budgetary adjustments made to reflect the effects of proper fund classifications.

(E) **Assets, Liabilities and Fund Equity**

i **Cash Investments**

Cash investments consists primarily of certificates of deposit and other short term liquid investments.

ii **Marketable Securities**

Investments in marketable securities are carried at cost. At December 31, 1983, the market value of these investments equaled approximately \$321,144.

iii **Vouchers Payable**

Vouchers payable consists of all unpaid bills at December 31, 1983. These were all paid in January, 1984.

iv **Deferred Revenues**

The balance of the deferred revenues account is equal to the sum of all property taxes unpaid and unredeemed at December 31, 1983. This account is required by Interpretation #3 issues by the National Council on Governmental accounting as further described in footnote I(F)i(b).

v **Due to School District**

The total school district assessment for the period July 1, 1983 through June 30, 1984 was \$2,926,384. The school district is paid in monthly installments. As of December 31, 1983, a total of \$1,631,511 was paid, leaving a balance of \$1,294,873 to be paid through June 30, 1984.

vi **Fund Equity Reserved for Continuing Appropriations**

This account represents the unexpended appropriations for specific expenses. (See detail at footnote III (C)i.)

vii **Fund Equity Reserved for Endowments**

This represents the principal of the nonexpendable trust fund investments. The balance cannot be spent for any purpose, however, it may be invested and the earnings transferred to other funds to be spent.

(F) **Revenues, Expenditures and Transfers**

i **Property Taxes**

(a) **Property Tax Calendar**

The following is a summary of the property tax calendar used for the 1983 property tax levy:

November, 1983:

The tax rate for the tax year April 1, 1983 through March 31, 1984 was determined by the New Hampshire Department of Revenue. After the rate was set, the warrant was prepared and the bills were sent to the taxpayers.

December, 1983:

Tax payments were due. All delinquent accounts after this date were charged 12% interest.

May, 1984:

Notices were sent to all taxpayers with delinquent accounts.

June, 1984:

Date of tax sale. At the sale, individuals may bid on the purchase of unpaid taxes of others by paying the delinquent balance, recording costs, and accrued interest. In the absence of bidders, the Town purchases all the delinquent accounts. The accounts that the Town purchases at tax sale will be reclassified from property taxes receivable. After this date, delinquent accounts will be charged interest at a rate of 18%.

If the taxes are still unpaid after two years, the tax sale purchaser will be deeded the property.

(b) **Property Tax Revenue Recognition**

In accordance with Interpretation Number 3 issued by the National Council on Governmental Accounting, the method of accounting for property tax revenue has changed in the current year. In prior years, property tax revenue was determined by reducing the Town's share of the property tax commitment by the abatements issued that year and also by that portion of the levy estimated to be uncollectible during the next fiscal year.

The new method of property tax revenue recognition is basically an adaption of the cash basis method. That is, property tax revenue equals the total actual cash collections of property taxes for the period of January 1, 1983 through December 31, 1983. This also includes property taxes collected for the School District and County. The beginning fund balance was retroactively adjusted to reflect the change in revenue recognition. The net result of this change in revenue recognition was a decrease in the ending fund balance of \$798,074 which equals the balance of the deferred revenues account.

(c) **Taxes Collected for Others**

The Town collects property taxes for the Hollis School District and the County of Hillsborough. Payments to the other taxing units are normally made throughout the year. The ultimate responsibility for the collection of taxes rests with the Town.

An analysis of the 1983 property tax levy is presented below:

	Amount Levied	%
Town of Hollis	\$ 686,920	17.9
Hollis School District	2,926,384	76.1
Hillsborough County	<u>230,631</u>	<u>6.0</u>
Total	<u><u>\$ 3,843,935</u></u>	<u><u>100.0</u></u>

ii **Vacation, Sick Leave and Other Compensated Absences**

Town employees are entitled to 7 days sick leave with pay provided such leave is caused by sickness or non-job related injury. At the end of each year, all unused sick days lapse. Employees earn vacation as they provide services. At the end of each year, the unused earned vacation time lapses.

The cost of vacation and sick leave benefits is accounted for as an operating expenditure when paid. At December 31, 1983 there were approximately 20 employees covered by the above provisions.

iii **Assessments**

This consists of the following assessments:

Hollis School District	\$ 2,926,384
Hillsborough County	<u>230,631</u>
	<u>\$ 3,157,015</u>

iv **Debt Service**

Debt service expenditures consist of the following:

Principal on long-term debt	\$ 50,000
Interest on long-term debt	10,725
Interest on short-term borrowings	<u>74,704</u>
	<u>\$ 135,429</u>

v **Interfund Transactions**

The accompanying financial statements reflect numerous transactions between the various funds. These transactions represent operating transfers and do not constitute revenues nor expenditures of the funds.

(G) **Change in Financial Statements**

i **School District and County Assessments**

In the 1983 financial statements, the school district and county assessments are reported as an expenditure. In prior years, these assessments were not included. As a result, the total expenditures and property tax revenue in 1983 are much larger than those of prior years.

ii **Highway Fund**

In prior years the special revenue fund included state highway subsidy grants and related expenditures. In 1983, these grants were replaced by highway block grants. As a result, the accounting for highway block grants is now accounted for in the general fund instead of the special revenue fund. This simplifies bookkeeping procedures for Town personnel.

II. Stewardship, Compliance and Accountability

(A) Budgeted Deficit

In the general fund the budgeted appropriations and transfers out exceeded the budgeted revenues and transfers in by \$29,982. The differences is comprised of the following:

Application of a portion of the un-reserved fund balance to help reduce the tax rate.	\$ 122,000
Prior year continuing appropriations carried forward	2,451
Current year continuing appropriation to be carried forward.	(96,432)
Excess of restricted actual receipts over budgeted receipts:	
Nichols Fund	970
Horse Ring	993
Total Budgeted Deficit	<u>\$ 29,982</u>

III. Detail Notes on All Funds and Account Groups

(A) Assets

i Taxes receivable

Taxes receivable consists of the following classifications:

Property taxes:		
1983 levy	\$ 711,305	
1982	177	
1981 and Prior	<u>387</u>	
		\$ 711,869
Unredeemed taxes:		
1982 levy	64,903	
1981	21,109	
1980	23	
1979 and Prior	<u>172</u>	
		86,207
Resident taxes:		
1983 levy	4,070	
1982	800	
1981	<u>400</u>	
		5,270
Yield taxes:		
1982 levy	265	
1981	<u>211</u>	
		476
Total taxes receivable		<u>\$ 803,822</u>

(B) **Liabilities**

i **Pension plan obligations**

All full-time employees of the Town are covered under the State of New Hampshire Retirement System. Contributions are deducted at rates according to employment category. The Town's contribution for normal costs of the plan is based upon an actuarial valuation of the entire State. Since the actuarial valuation is performed on the entire State plan, the amount, if any, of the excess of vested benefits over pension fund assets for the Town of Hollis is not available. The Town does not have a liability for past service costs. The Town's expense for the year for the State plan was \$17,173.

ii **Long-Term Debt**

The Town's long-term debt consists of two \$50,000 notes payable to a bank at a rate of 6.75%. One note is due in November, 1984 and the other in November, 1985. Interest is paid semi-annually on the unpaid principal.

The notes were issued in 1982 along with a third \$50,000 note which was retired in 1983. The proceeds were used for the construction of the new fire station.

The following is a summary of the long-term debt transactions of the Town for the year ended December 31, 1983:

Long-term debt, beginning of year	\$ 150,000
New notes issued	-0-
Notes retired	(50,000)
Long-term debt, end of year	<u>\$ 100,000</u>

(C) **Fund Equity**

i **Reserved for continuing appropriations.**

An analysis of the changes in continuing appropriations for 1983 is presented below:

Description	Received/ Budgeted			Balance 12/31/83
	Balance 1/1/83	1983	Expended 1983	
Nichols Fund	\$ 2,451	\$ 10,940	\$(1,556)	\$ 11,865
Highway Block Grant	-	38,378	(3,933)	34,445

ii **Restatement of Beginning Fund Balances.**

The General Fund and Library Fund balances have been restated to give effect to various prior period adjustments. A more detailed explanation of the adjustments is presented below the following summary.

	As Previously Reported	Net Change	As Restated
General Fund	\$ 193,737	\$(842,288)	\$(648,551)
Library Fund	9,973	1,606	11,579

The change in the General Fund was due to the change in recognizing property tax revenue (see note I(F)i(b)).

The adjustment to the Library Fund was done to adjust the beginning balance in the cash account which was understated in the 1982 financial statements.

IV. Summary of Significant Contingencies

(A) Litigation

In the opinion of the Town's legal counsel, there is no pending litigation likely to result, either individually or in the aggregate, in final judgements against the Town that would materially affect its financial position.

SCHEDULE OF TOWN PROPERTY
As of December 31, 1984

DESCRIPTION	VALUE

 Leonard White, Tax Collector
 Roland C. Schellenberg, Deputy Tax Collector

TREASURER'S REPORT 1984

The General Fund Balance increased during 1984 from 1,013,614 to 1,303,669 – an increase of 290,055 – including 78,167 encumbrances carried over to 1985.

Property Tax Collections for the year 1984 were at 80% of the regular warrant, which compares with 81% in 1983. Property Tax Receivables grew from 711,303 to 885,168 – an increase of 173,865.

Investment of inactive operating funds in certificates of deposit earned a net of 27,716 more than the interest costs for tax anticipation notes this past year. The cash management program for balances over 50,000 earned 24,459. Including the tax collectors NOW account which earned 3,453, the total interest earned was 55,628 vs. 10,000 budgeted. Timely completion of assessments and early establishment of the tax rate resulted in earlier tax receipts and extra interest earnings in December.

The cooperation of all town officials receiving funds, especially the tax collectors and the town clerk, and the selectmen's office made this year's record earnings possible.

Ralph J. Hardy
Treasurer

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF REVENUE ADMINISTRATION**

October 17, 1984

Selectmen/Hollis

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1984 taxes on the basis of the following figures.

Net Assessed Valuation	\$ 109,623,985.00
------------------------	-------------------

Taxes Committed to Collector:

Town Property Taxes Assessed	\$ 4,303,837.00
Precinct Taxes Assessed	
Total Gross Property Taxes	\$ 4,303,837.00
Less: Est. War Service Tax	
Credits	<u>24,700.00</u>
Net Property Tax	
Commitment*	\$ 4,279,137.00
Tax Rate –Town	39.26
Precinct	

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation.

The net amounts approved for school, county and precincts are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net School Appropriations	\$ 3,337,611.00
County Tax Assessment	250,748.00
Net Precinct Appropriation (1)	
<hr/>	

In arriving at the above approved rate the Overlay has been set in the amount of \$99,327.00.

Very truly yours,
David J. Power, Commissioner

Board of Selectman
Town of Hollis, New Hampshire

We have examined the general purpose financial statements of the Town of Hollis, New Hampshire as of and for the year ended December 31, 1983 as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards, and included such tests of the accounting records, and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, except for the effects of the omission of a statement of general fixed assets as discussed in the preceding paragraph, the aforementioned general purpose financial statements present fairly the financial position of the Town of Hollis, New Hampshire, at December 31, 1983, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Melanson Professional Association
Nashua, New Hampshire

**HOLLIS POLICE DEPARTMENT
ANNUAL REPORT
1984**

In March of 1984, I was interviewed for the position of Chief of Police in Hollis by a group of twelve persons, including several Chiefs from the surrounding cities and towns. One of the questions they asked me during the interview was what my number one priority for the department would be if I were the candidate who was selected. My answer to them was the same then as it would be today, tomorrow, or next year: to provide fair and equal treatment, and professional protection to every citizen in the Town of Hollis. I believe that we have done that. With a force of five full-time Officers and twenty part-time Officers, we have protected the life and property in the Town of Hollis to the very best of our ability.

Hollis is a town, like many others in the southern tier of New Hampshire, that is growing at an extremely rapid pace. Our Department, along with other town departments, is feeling the crunch. We have long ago outgrown our station, and we are in desperate need of adequate space. Very often we are short handed for the day to day calls, and investigations must wait until additional manpower becomes available. However, we make do with what we have, and we will continue to do so.

It is my opinion that the individual members of our Department are among the most dedicated and professional police officers to be found anywhere, and each of them is committed to reducing crime, and continually raising the quality of life for the citizens of our town.

As Chief of Police, I am personally committed to the continuing education of our people, so that we may more professionally serve you. I am also dedicated to providing for the safety of our Officers in their work environment. In order to accomplish these goals, our equipment and training must be constantly updated, within the confines of our budget.

If there were one thought that I would want our citizens to have about our department, it would be that our main purpose is to serve you, in whatever capacity we are able.

I am thankful to have been given the opportunity to serve the people of Hollis, and also to work with such a fine group of Officers. I pledge that I will continue to live up to the faith that has been placed in me.

Respectfully Submitted,
Richard H. Darling

HOLLIS FIRE DEPARTMENT AND AMBULANCE SQUAD 1984 REPORT

The year 1984 ended with a total of 144 calls, an increase of 3 calls over 1983. Our largest increase was in the area of brush and grass fires, which is attributed to the prolonged dry weather last summer and fall. Quick reporting of smoke by the Federal Hill Forest Fire Lookout Tower and alert residents of Hollis kept these fires small in size.

Our new rescue vehicle (345), which was ordered in 1983, arrived in April '84. After many hours of work building cabinets and storage space as well as transferring all equipment from one vehicle to the other, the new vehicle was ready for service in May '84. This work was all donated and done by department members under the direction of Lieutenants Don Fyfe and Clark Lambert.

We also purchased a good used 1969 Mack tractor from Law Realty Company, Airport Road, Nashua, NH. After some body work and a new paint job, done by D.C. Slocomb Company on Witches Spring Road, Hollis, the tractor was put into service in August '84. This replaces the International tractor, which was too lightweight to pull our 4000-gallon trailer-tanker.

The Fire Department Ambulance Squad has also had a very busy year; a total of 166 calls were responded to. Membership in the Ambulance Squad continues to be a problem because of the extent of training and retraining in courses that have to be taken in order to keep members' certification cards up-to-date. Many thanks to all squad members for their hard work and dedication to a very important job!

To all Hollis residents and friends, the Hollis Fire Department and Ambulance Squad members are very grateful for all donations sent and given in memory of loved ones. This money is used to upgrade and buy new or special equipment that may be needed for better service and/or training.

Respectfully submitted,
Kenneth W. Towne
Chief, Hollis Fire Department

TOWN FOREST COMMITTEE REPORT FOR 1984

The Department of Public Works has completed gravel removal at the Dunklee Pond Pit. The bank grades have been corrected and the area has been prepared for setting out young trees which should be done in the spring of 1985. This will complete the reclamation work at this location. Many thanks to the Department of Public Works for a job well done.

Howard Parkhurst harvested mature white pine in the five corners area of Spalding Park.

In March of 1984 Howard saw a deer running at a very fast rate on a logging road which was covered with rough ice. The deer had to turn and run through crusted snow when it encountered Howard's tractor. Howard measured the deer's tracks at this point and found them to be eight feet for each leap. A dog was chasing the deer and Howard was able to drive the dog back. Sometimes there are as many as five dogs chasing a deer. This has happened almost every year, sometimes four times a year, in the thirty-five or more years Howard has been working in the woods.

The unauthorized operation of all types of motorized vehicles, and the damage this use creates, is of concern to the Town Forest Committee. Another concern is the use of the town forest areas for "partying" and the damage caused by fires, left unattended and unextinguished, spreading in the woods. One area between Dunklee Pond and Parker Pond must be logged off in 1985 because of fire damaged trees caused by this activity.

White Pine harvested – 35,920 board feet @ .07

Total income – \$2,514.40

Total expense – -0-

Gravel removed from Dunklee Pond Pit – 7,000 yds. @ .60 per yard.

Savings in transportation over alternate service – \$4,200.00

COMMITTEE

REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1000 fine.

There is a growing concern among state and local officials in regard to unauthorized camp fires in our woodland. The same laws apply to camp fires as to any other outside fire.

If you have any question about the forest fire laws please contact your local Forest Fire Warden or the Hollis Communication Center.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF PUBLIC WORKS AND HIGHWAYS**

Following is a notice showing the amounts of State Highway Aid that may be available to your City/Town in 1985. The January and April payments are set amounts and should not change. The supplemental payment is also set and will be paid in April. This payment is a result of an increase in State gas tax revenues and motor vehicles fees collected in Fiscal Year 1984. The July and October payments are based on estimated revenues and are subject to the approval of the 1985 Legislature.

State Highway Aid available to Hollis during calendar year 1985 is estimated as follows:

Highway Block Grant Aid

Chapter 235, of the Revised Statutes Annotated, as amended, provides block grant aid payments for the maintenance, construction and reconstruction of Class IV and V highways.

January Payment	\$12,599.11
April Payment	\$12,599.14
April Supplemental Payment	\$ 8,360.16
July Payment	\$22,263.92
October Payment	<u>\$22,263.92</u>
Total	\$78,086.25

If there are any questions concerning State Aid Programs, please contact the State Aid Supervisor in your area or this office.

Robert W. Greer
Municipal Highways Engineer

HOLLIS PUBLIC WORKS DEPARTMENT 1984 REPORT

1984 was a very busy year for your Public Works Department.

The first of the year brought several snow and ice storms which kept us busy for the most part, round the clock. This bad weather continued right up until the end of March with the last large snow storm, resulting in downed trees, electric lines and telephone lines. Throughout the storm, however, every man and piece of machinery was mobilized to maintain the streets to the best of their ability.

In April, after the last snow left and some important spring maintenance had been performed, we moved right into reconstruction, starting with the last phase of Farley Road (6/10 mile) and then into phase II of South Merrimack Road (7/10 mile) including the hazardous corner known as Gardners Corner. As always, time marches on and autumn brought some late summer maintenance and annual fall maintenance, before prepping for another winter season.

We wish to inform everyone that during 1984, our total force consisted of nine men to perform winter road maintenance, reconstruction, summer road maintenance and cemetery duties. At this time our routine duties are performed utilizing two International Diesel Dump Trucks with spreaders, one International 260A Backhoe, one Caterpillar 930 loader, one Caterpillar 12G motor grader, and one Chevrolet 4-wheel drive pickup with plow. For winter road maintenance, we have four hired trucks at our disposal (three with spreaders) and for summer reconstruction we utilize several hired trucks plus a rented bulldozer and a rented 930 loader from Jordan Milton Machinery Co.

The achievements made during 1984, were concluded by the retirement of Mr. Roy L. Wilkins, who, out of 28 years of service in the Public Works field, gave ten years to the Town of Hollis as their Road Agent. Prior to that, he served 18 years with the N.H. Department of Public Works and Highways starting as laborer, and moving up to Assistant Maintenance Patrolman, grader operator and then Construction Foreman. Roy has brought many improvements to Hollis, during his ten years as Road Agent, some of which included upgrading Hayden Road, Farley Road and Nevins Road, from dirt to pavement, utilizing State TRA funds; a ten year road betterment program consisting of rebuilding one mile of road each year; a new Public Works Garage; several new pieces of equipment (he started with only a grader and a loader) and bringing the work force up from three to the present nine. Thank you Roy and good luck on your retirement.

Ten years ago, Hollis had approximately 70 miles of road to maintain, half of which were dirt. Today, we have approximately 90 miles with only about 18 miles of dirt. The population has almost doubled from 3,000 to 5,000 people. With more people comes increased traffic and added street maintenance. A dirt road 10 years ago required less maintenance than the same road today. With the increased traffic and

maintenance comes the necessity for a larger work force to handle the workload, in addition to more equipment to do the job properly.

I have adopted a work order system to help us with the increased workload and to better serve you in the maintenance of your streets. If you have any complaints or work requests please call the Communications Center, which serves you 24 hours a day, by dialing 465-2303 or the Public Works Garage at 465-2246 between 7:30 a.m. and 4:00 p.m. Monday thru Friday. When calling, please give your name, address and phone number, the location of the problem you wish to report and what the specific problem is. This will enable us to handle problems by urgency *and* in a timely manner.

Sincerely,
Arthur G. LeBlanc
Superintendent

HEALTH DEPARTMENT

The same industrial complex, which manufactures the items which are supposed to improve our lives, is discharging waste material into the atmosphere. These pollutants, carried on prevailing westerly winds, are being dumped on our New England countryside. Airborne they are merely annoying health hazards. When in solution, they permeate, pervade and penetrate to our most basic resource, our water supply.

Acid rain is changing the chemical balance in the water of our watersheds, streams, ponds, and lakes, thus harming delicate ecosystems. Because of its scope and permanence, the most insidious aspect is that the pollution has gotten into our ground water and aquifers, the source of our drinking water.

The process is slow; it is a by-product of progress; it may be irreversible; and it is happening to us now.

Jeanne Williams
Health Officer
1984

**MERRIMACK VALLEY
HOME HEALTH CARE ASSOCIATION, INC.
ANNUAL REPORT-1984**

Our Association's staff continued to serve the residents of your town in many ways. Our nurses provided skilled and long-term care, therapies provided rehabilitative measures, home health aides gave personal care, homemakers helped to enable patients to be at home in an adequate environment and our social worker helped with financial, social and economic problems. Our team effort is individually tailored to each patient's needs which allows each person to maintain as much independence and dignity as long as possible.

While the patient's needs and desires are our central focal point, we also are strongly committed to the cost savings that home care can achieve over institutionalization. The low unemployment rate, which makes staffing a challenge, has made it difficult to provide as much service as would be ideal in some cases. Funding projections for 1985 are not as positive as in past years. Medicare remains a problem since the trend is toward more rigid definitions of eligibility.

In 1984 the following residents of your town devoted much time to our Association by serving on our Board of Directors: Wendy Enright, Betty Ferree, Gerald Gartner, Margaret Gilmour, Marilyn Hunter, Mary Kaplan, June Litwin, Gilbert Mahan, Edward McDuffee and June Whitebred.

SERVICES PROVIDED IN HOLLIS

Nursing visits	429
Therapy visits	138
Social Service visits	52
Home Health Aide visits	271
Homemaker visits	437
Telephone Consultations	112
Not Home/Not Found	62
Seniors Blood Pressure sessions	12
Well Child Clinic visits	55
Immunization clinics—monthly at office—2-3x/yearly in towns	
Office foot care clinics—as scheduled	
Office Walk-in Blood Pressure clinics—weekly	
Industrial Screenings—by arrangement	

Submitted by,
(Mrs.) Dorothy Marcek
Executive Director

HOLLIS SENIORS

The Town Hall, with its central location and friendly personnel, provides a perfect place for us to get together. The Hollis seniors are grateful to the Town of Hollis for making this available to us. Membership increased during 1984, but the friendly, caring atmosphere prevailed. The Town Hall on every Thursday morning at 11:30 is still a great place for folks to drop in, have lunch and visit. Everyone brings his own lunch, and very often the luncheons are enhanced with something special prepared by some of the members.

A nurse from the Merrimack Valley Home Health Care comes in every second Thursday of the month at twelve noon to take blood pressures for anyone who is interested in having this done. Every third Thursday a brief business meeting is held, but every Thursday get-together is followed by card playing and socializing. Prior to the luncheon, some participate in the exercise classes that are held upstairs in the Town Hall.

The Seniors volunteered to cooperate and help out when they were told about the Chemical Abuse Task Force plans for the youth of the community, and they addressed envelopes for the local cancer crusade in March. They helped out at the Hollis-Brookline Booster Club Sports Awards Banquet. For the Santa Fund they made up sixty-three pairs of mittens.

Natalie and Roy Helsing arranged for many group trips during the year. The annual picnic at their home was delightful, as were the outings to the Maple Hill Farm as guests of the Beaver Brook Association, and the home of Ken and Dot Marvell in New Boston. The day trips to Lantana's in Randolph were popular, and the day trip to Newport was enjoyed for its interest value, food and entertainment. The well planned, educational sightseeing four-day trip to Washington, D.C. was a great success.

Gladys Cox, Program Chairman, prepared interesting programs for the Thursday get-togethers. Especially enjoyed were the line dance classes conducted by member Ed Lohoskie, a talk explaining the Con-Con proposals by Frank Whittemore, and the slides and narration on their trip to Alaska by members Rosa and Karl Vogel.

Year end activity included participation in the Hollis Arts and Crafts Show, a very much enjoyed invitation to attend Grandparents' Day at the Elementary School, and the annual Christmas Party. Officers are: Roy Helsing, president; Carl Anderson, vice president; Nellie Beaverstock, secretary; Louise Worster, treasurer.

Respectfully submitted,
Nellie Beaverstock, Secretary

COMMUNICATION REPORT

Another year has past, without many major problems. We did have to replace an antenna, taken out in a spring storm, lucky it was only one.

We have had several minor equipment problems that indicate we are trying to extend the life of some of our equipment too long. We are working on revising our replacement and updating schedule.

In 1984 we handled over 15,500 non-emergency calls, received over 400 alarms, toned out 250 fire or ambulance calls, and made over 35,000 radio transmissions.

This year, training programs will be emphasized, to help us be better prepared to take care of problems.

Lynwood A. Lund
Supervisor

RECREATION COMMISSION 1984 REPORT

This year, as in years past, the success of the Hollis Recreation Commission programs is measured in terms of the fun the participants had. We believe that all the programs that we ran this year were very successful. Basketball, ski lessons, Babe Ruth baseball, Little League baseball, swimming lessons, tennis lessons, adult volleyball and adult softball have all accounted for one of the most successful program years with one of the largest numbers of participants in Recreation Commission history.

The summer playground program that the Recreation Commission sponsored this year turned out to be the most successful program of 1984. This program was well received and well attended. It was apparent that the children had fun as many of the same children kept coming back week after week.

In 1985 the Hollis Recreation Commission will take over the operation of the Youth Center Program in the Field House at Nichols Field and we are looking forward to continuing with this program.

This year the Recreation Commission started a program to upgrade the present recreational facilities. To date we have been able to redo the infield of the Little League Field as well as enlarge the bigger parking area and isolate the parking areas from the playing fields with fencing at Nichols Field. We hope this will help keep the fields in better condition.

In the coming years we hope to do a number of things as part of the program to improve our facilities. A few of the projects that the Recreation Commission is proposing are: replace the old fence which is falling apart at the Little League Field by the library; redo the infield at the field by the library; put a border around the track to help keep the stone dust in place and upgrade the field in the center of the track so it can be used safely as a playing field. We hope you will support these programs.

The Hollis Recreation Commission is always interested in your ideas and/or suggestions as to how we can serve the community. If you have any ideas and/or suggestions please feel free to contact any of the Hollis Recreation Commission members.

We would like to take this opportunity to thank all the people that make the programs run so well. To the participants, the people that organize the activities, the coaches and you the voters – thank you very much!

Respectfully submitted
Hollis Recreation Commission
David April, Co-Chairman
Francis Coulter, Co-Chairman
Beth Magennis John Cotter

HOLLIS HISTORIC DISTRICT COMMISSION 1984 ANNUAL REPORT

The Hollis Historic District Commission continued to meet through the year as applications were received. There were no proposed changes this past year, and applications reflect a limited building activity within the district. Please find below a listing of the Commission's activities.

Name	Description	Commission Decision
John Balfour 59 Broad Street	Addition of entry to existing residence	Approved
Hugh Mercer 0 Depot Road	Addition of chimney & window to existing residence	Approved
Lawrence Lingley Hollis Auto, Ash St.	New smaller sign to replace existing one	Approved
David Peckham 22 Ash Street	Temporary sign	Approved
Monument Square Market	Replace windows	Approved
Herman Stickney Main Street	Barn alterations, addition of windows	Approved

Respectfully submitted,
Richard A. Hardy, Chairman
Doris Worsowicz
Christine Trow
Robert Davison
Philip Mercer

Judy Ferguson

REPORT OF THE BUILDING INSPECTOR

HOLLIS, N.H.—1984

Two hundred and sixty permits were issued this year. They were as follows:

Residential:

Single Family Residence	72
Duplex (two SF units)	2
Cluster House (four SF units)	5
Rebuild SF Residence	1
Addition to SF Residence	13
Addition to SF Residence and a garage	2
Dormer for SF Residence	2
Addition to Seasonal Structure	1
Porch	19
Porch and a roof	1
Porch/shed/solar units	1
Solarium	4
Remodel SF Residence plus an addition	1
Remodel SF Residence and a garage	2
Remodel pre'52 SF Residence to apartments	2
Entry to SF Residence	2
Mobile Home	6
Sub-Total	136

Non-Residential

Garage	5
Garage/breezeway/swimming pool	1
Addition to garage	1
Dormer to residence garage	1
Carport	1
Barn	3
Addition to barn	2
Barn/Greenhouse	1
Pole building	2
Storage shed/building	6
Addition to storage building	3
Greenhouse	1
Roof	9
Deck	13
Swimming pool	19
Swimming pool and an addition to porch	1
Cabana	1
Chimney	2
Chimney and Wood Stove Installation	3
Sign	2
Repair septic system	13
Wood/coal stove installation	27
Tennis Court	1
Solar units	1
Sub-Total	119

Business:

Sub-Total	0
---------------------	---

Industrial

Industrial building	3
Addition to industrial building	<u>2</u>
Sub-Total	5

TOTAL	260
-----------------	-----

The cost of all construction was \$11,425,455. This figure represents an increase of \$2,742,895 over the cost of construction in 1983. The number of permits rose from 245 to 260. The number of permits for Single Family Residence was 72 this year, as compared to 80 in 1983. It should be noted that the total number of living units increased by 102, when you include other living units, such as duplex, cluster house and mobile homes.

The following is a list by year of the number of permits for Single Family Residence since 1962. The total number of permits was 1054 for this twenty-three year period or an average of 46 permits per year. The permits were as follows:

1962-16	1967-25	1972-77	1977-77	1982-40
1963-22	1968-26	1973-74	1978-72	1983-80
1964-28	1969-20	1974-48	1979-63	1984-72
1965-21	1970-26	1975-45	1980-42	
1966-17	1971-44	1976-90	1981-53	

In conclusion I have recorded the distribution of Single Family Residence permits by months for the last seven year period. They were as follows:

	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total
1984	4	7	1	10	13	9	3	7	8	5	1	4	72
1983	2	3	16	5	10	5	6	8	8	9	5	3	80
1982	0	1	8	4	1	4	5	2	2	4	8	1	40
1981	1	2	11	12	3	9	2	2	5	1	3	1	53
1980	1	4	5	1	0	3	8	2	10	5	3	0	42
1979	0	3	6	17	10	4	3	10	2	6	1	1	63
1978	2	2	5	16	8	5	9	5	10	6	2	2	72

Respectfully submitted,
Ronald S. Boisvert, Jr.
Building Inspector

DOG OFFICER'S REPORT

In 1984 the dog officer answered 373 valid complaints from citizens. We were able to find the owners or adoptable homes for all but one of the dogs that were kenneled at the "pound".

In the specific, 82 dogs were kept at the kennel for periods of time ranging from several hours to two weeks. This officer arranged for seven local placements and sixteen dogs were placed with the assistance of The Pepperell Humane Society.

We are grateful for the cooperation of many of the residents in licensing of their dogs and the general support of this officer's efforts to mediate and resolve dog related problems. Animal problems, other than dogs, should be directed to the highway department for "road kills" or to the New Hampshire Fish and Game Officers for wild animals.

Margaret Walsh
Animal Control Officer

1984 ANNUAL REPORT HOLLIS PLANNING BOARD

During 1984, the Hollis Planning Board met on the first and third Monday evenings of each month at which time it accepted for consideration and reviewed 11 site plans and 48 subdivisions, of which 34 were approved with the creation of 97 new building lots.

With better financing and interest rates available for home construction the number of new home "starts" totaled 89, as measured by septic plan approvals.

Inasmuch as the work load of the Board has increased substantially during the past few years, the Planning Board engaged the engineering firm of DuBois & King to assist in the evaluation of site plans and subdivisions which were either of extraordinary size or complexity or which posed potential problems with roads, wetland or drainage.

The cost of these services are passed on to the applicant in accordance with State "RSA" statutes.

The Planning Board has also taken steps to obtain the parttime assistance of a qualified man from the Nashua Regional Planning Commission to assist in the on-site evaluation of site plans and subdivisions. He would also provide "on-site" inspection of test pits, the evaluation of which is very important in determining whether or not a lot is buildable and where the septic field should be located. The ever increasing awareness of the importance of aquifers and wetlands is particularly significant because of the extent and distribution of poorly drained soils within the Town limits. Virtually every site plan or subdivision reviewed in 1984 contained significant amounts of "wetland" with most of the buildable land being characterized as "severe" with respect to the soils' ability to absorb leachfield effluent.

The Board has made extensive use of USDA soil scientists and facilities in the evaluation of the impact of subdivisions and land use on wetlands and aquifers.

The vast majority of all site plans and subdivisions are subject to one or more "on-site inspections" by Planning Board members.

In past years the Planning Board has promoted the concept of Planned Unit Developments to preserve "green space" and to encourage the construction of homes in Hollis affordable by those of average income in the Nashua area. Two PUDs were considered in 1984 and subsequently approved. One Secondary PUD is under construction at the present time and as a condition of Planning Board approval must offer moderately priced dwelling units.

In 1984, the Planning Board proposed several changes in the Zoning Ordinances which will be presented to the 1985 town meeting. One modification to subdivision ordinances would require that at least one acre of a front lot and two acres of a back lot be contiguous well drained or moderately well drained land.

Another proposed change is really a clarification of the life of a 'transferred' building permit right as opposed to an 'earned' right.

During 1984, the Planning Board has made conformance to the "point system" a requirement for subdivision whenever it is obvious that a major subdivision is being developed on a "piecemeal" basis without the submission of a complete plan or when a subdivision consists of three or more lots.

Progress has been made in restoring abandoned sand and gravel excavations as required by RSA 155-E. One major excavation has been closed and is in the process of being graded. It will be planted with trees in the spring. A number of smaller excavations have been inspected by either the Building Inspector or Planning Board members to establish their compliance with RSA 155-E.

During 1984, several changes occurred with respect to Planning Board membership and recent RSAs have changed both the method of appointment and the term of membership. Candace Gregg, Judy Ferguson and Dennis Hahn left the Board in 1984 and were replaced by Karen Coulter, Peter Smith and Richard Tolstrup.

In an attempt to streamline the flow of paper work and to minimize labor requirements in the Planning Board Office, applications which require certified mail notification to abutters must now be accompanied by pre-addressed Post Office forms along with the return receipt card.

It is anticipated that during 1985 the Planning Board will address a recommendation from the State that steps be taken to insure that any development of Prime Farmland be done in such a way as to conserve this irreplaceable resource. In Hollis, this would be development by way of PUD.

Another item to be considered is the rezoning of the Ash Street-Broad Street intersection area from Residential to Agricultural & Business. Many businesses in this area are now operating under variances from the Zoning Board of Adjustment. There appears to be no objection to rezoning in this area but the extent of rezoning, its effect on the proposed widening of Ash Street, the center of Town and on the Historic District must still be determined. The Planning Board expects recommendation on this zoning change from the Legislative Planning Committee.

1984 ANNUAL REPORT HOLLIS CEMETERY COMMISSION

The Hollis Cemetery Commission has met on a monthly basis this past year. We have been working on updating the records by using copies of records belonging to the DAR.

We have one new member on the Commission with Nancy Bell taking the position held by Elizabeth Beecher. At the time of this writing we are short one member because of the resignation of Eliot Ware who has been a faithful member.

The Commission is presently updating the Rules and Regulations as well as the fee structure relevant to the cemeteries. Ernest Pratt was named Sexton following the resignation of Roy Wilkins.

The many stones that were broken by vandalism in the Pine Hill Cemetery have been repaired by Medlyn Monument Company in Milford. They did a fine job as many of the stones had been broken for a long period of time and moved around the cemetery, so to fit the correct pieces together was like doing a puzzle. There is money in the 1985 budget to repair the stones in the other cemeteries.

Money has also been allotted in the budget to replace some of the fencing which is in need of repair around the South Cemetery. This will be a two-year project.

We pledge to continue to work to keep the cemeteries in good condition and to have the records as nearly complete as possible.

Eleanor Whittemore, Chairman
Frank Ballou
Nancy Bell
Royden Helsing

HOLLIS CONSERVATION COMMISSION 1984 ANNUAL REPORT

In 1984 the Hollis Conservation Commission completed the acquisition of 7.53 acres of land around the municipal well. In conjunction with this acquisition the town voted, at a special town meeting, to sell a one half acre parcel across from the town dump to Chas. Spaulding. This parcel contained a gravel pit bought by the town around the turn of the century.

The protection of the town well was our highest priority project as set forth in the 1983 WATER RESOURCES PROTECTION REPORT for the Town of Hollis. We are following the recommendations made in this report, and will soon receive the results of the USGS geologic testing and the observation well monitoring done near the above site and other sites in town.

The Nashua Regional Planning Commission is compiling data supplied by the USGS for Hollis and several surrounding towns. This data will give us information about depth to bedrock, direction of groundwater flow and other pertinent information which is necessary if Hollis draws up an Aquifer Protection Ordinance as many New Hampshire towns are doing. Protection of water supplies continues to be one of the most important issues of our time.

The Nashua River Watershed Association completed its Hollis lakes and ponds monitoring program this spring. This year-long study involved taking water samples once a month and testing them for acidity and alkalinity. Claire Goulder and Joel Goulder collected from Rocky Pond and the Beaver Brook Wild Life Pond, while Paula and Keith Struckman collected from Silver Lake, Dunklee Pond and Flints Pond. Of all the ponds, only Rocky Pond appears to be in danger from "acid rain" due to its very low alkalinity.

Members of the Commission attended many conferences this year devoted to water supply problems. In January, there was a 3-day conference on acid rain held in Manchester, and a Groundwater Management Conference sponsored by Judd Gregg and the New Hampshire Water Supply and Pollution Control Commission held in Concord, N.H. In April, a meeting on Lake Lay Monitoring was held at Harris Center in Hancock. In October, there was a groundwater pollution detection conference held at Harris Center. In November, the New Hampshire Association of Conservation Commissions devoted their annual meeting to surface and groundwater protection.

A gift by the Maplehurst Corporation of over 35 acres along the Nashua River was accepted for the town as a result of the approval of a planned unit development on Hannah Drive.

Austin Chandler continues to generously assist the Commission, and this year made up a booklet containing maps locating all the gifts of land the town has accepted from various developers. We thank him once again for the time and effort he donates to the town.

We also thank Mr. Thomas Enright of the Hollis Land Trust who has donated much time and effort to the legal procedures necessary to acquire land for the town.

Thanks go to the Hollis Boy Scouts, their fathers and their Leader for their capable efforts in cutting a trail and cleaning up portions of Flints Brook this year, so it will become a pleasant place for townspeople to hike for recreation.

There are several desirable land acquisitions in prospect for 1985 which we hope we can complete in order to fulfill our mandate to protect the Town's land and water resources. Land values continue to escalate, however, making it more difficult to complete transactions expeditiously.

We thank the townspeople for their continuing support.

ANNUAL REPORT OF NASHUA REGIONAL PLANNING COMMISSION TO THE TOWN OF HOLLIS, NH

The Nashua Regional Planning Commission continued to provide a high level of regional and local planning services to our twelve member communities in 1984.

Hollis – Nashua Regional Planning Commission staff has provided assistance on a variety of local planning projects: A comprehensive map series showing physical and natural features affecting development potential is nearly completed. Data and information has been supplied to the Town's Long Range Planning Committee for their use in developing an updated Master Plan. A major study of Silver Lake has been initiated in cooperation with the Town, the State and the University of New Hampshire. Staff members also testified in the Town's behalf in Superior Court on the effects of a proposed excavation project. Additionally, the Town and the NRPC are initiating a program which provides Hollis with a regularly scheduled, part-time Town Planner to assist the Planning Board in its duties.

Water Quality planning continues to be one of the Commission's highest priorities. The three-year aquifer delineation program will be coming to completion at the end of this year – giving our communities the latest, most accurate groundwater data available anywhere in the state. The program has won state-wide recognition and was awarded the New Hampshire Planners Association Award of Excellence at the Association's Annual meeting. An \$80,000 groundwater quality study, performed through a grant from the U.S. Environmental Protection Agency was also completed this year, indicating that most of our water supplies still yield high-quality drinking water. Other Commission efforts were targeted towards conducting studies of Baboosic Lake and Silver Lake through a unique cooperative program involving area residents and local and state officials. Efforts to maintain the area's pioneer role in protecting water quality will continue in the coming months with assistance to communities desiring to put local protection strategies in place.

Solid waste planning has also been a high priority this year. The Commission has provided staff support to the recently formed Nashua Region Solid Waste District and has assisted all area towns in planning for proper disposal of household septage. Efforts on these subjects will continue in the coming year as the Region continues to grapple with the growing problems of waste disposal.

Transportation planning activities have continued to represent a major portion of the Commission's services. Most notably the Commission assisted City officials in getting the CITYBUS system operational. Additionally, the Commission's efforts have helped to move several area highway projects closer to completion, including the Nashua/Hudson Circumferential Highway; improvements to Exits 7

and 2 along the F.E. Everett Turnpike; and the initiation of studies concerning the future of the Rt. 101A corridor. The Nashua Air Quality Study neared completion with the issuance of a final report analyzing the problems and potential solutions to clearing the air in Nashua. The Commission has also investigated alternative proposals, for eventual consideration by the legislature, enabling communities to recoup the costs of road improvements made necessary by incremental development.

Other Commission activities have emphasized continuing the expansion of services to members locally, and the expansion of our members influence at regional and state levels. The Commission cosponsored a joint meeting with our neighboring counterpart in Massachusetts to initiate discussions on common problems—most notably highway and water related problems. We're now gearing up for the coming legislative session to ensure that the region's interests are duly recognized and represented. Our *Soundings* newsletter, *DISPATCH* memos, and *Legislative Alert* mailings will continue to keep local residents and officials informed as issues arise.

As always, the Commission stands ready to assist Hollis with its planning and administrative needs in the coming year. Call us if we can help you.

Nashua Regional Planning Commissioners:
Barbara Coughlin
Ann Caldwell
Nicholas Coniaris

LONG RANGE PLANNING COMMITTEE

1984 REPORT

Status of Major Activities

A. "Town of Hollis – Map Series"

After 18 months and many hours of volunteer assistance, the Map Series has been completed as far as required input from the Town is concerned. The Nashua Regional Planning Commission has been awarded the assignment of detailing and reproducing all maps to the same scale. ($3' \times 4\frac{1}{2}'$, $1" = 1000'$). Nashua Regional Planning Commission's assistance and contributions to this project has been outstanding and most appreciated.

The "Map Series" consists of the following:

1. Land Use – Current municipal use of all land areas in Hollis
2. Open Space – Shows all public, semi-public, and private land areas dedicated for use as "Open Space"
3. Soils Map – Shows all soil types for all areas of Hollis per soil survey of N.H., U.S.D.A. 1981
 - 3-A Significant Soils – Agricultural soils and sand and gravel resources by areas
 - 3-B Septic System Limitations – All areas in Hollis rated per Hillsboro County Soil Survey in conjunction with U.S.D.A.
4. Water Resources – Shows surface waters, flood plains and watershed boundaries
 - 4-A Aquifers – The U.S. Geological Survey will be completed in March of 1985 and this map will then be added
5. Zoning – Shows current zoning designations & boundaries
6. Road Classification – Arterial collector, minor collector, etc.
 - 6-A Road Condition – As evaluated by the Superintendent of Public Works
 - 6-B Scenic Roads – As of 12/31/84

These maps will be available by March 1985 and should prove to be of great help to the various boards and departments of our town.

B. Master Plan Update

In September 1984, all regular meetings of the Long Range Planning Committee were cancelled, as most members were assigned to the Legislative Planning Board Committee. This Committee is assigned to "update" the Town's Master Plan as per State requirement. Regular monthly meetings will resume when this task is completed.

C. Don Fyfe

Late summer 1984 saw the passing of Don, a respected and valuable member of this committee. His contributions and most of all, his presence is missed.

Summary.

We again wish to thank the many individuals who have assisted and contributed to our activity. If you have an interest in long range planning, please let us know.

Respectfully submitted,
Long Range Planning Committee
Richard W. Tolstrup, Chairman
Morton Goulder
David Sherman
Everett R. Kennedy
Richard R. Husk
Richard A. Walker, Ex-Officio

HOLLIS SOCIAL LIBRARY 1984

The front of the library was painted in 1984 and a sign, designed and built by Bob Davison, was put on the lawn. It is now easy to read the library's hours from the sidewalk or street, and the sign can be used for news and announcements as well. Bob also built another bin for the E books, providing much needed additional space.

A survey was conducted in the spring to find out what changes or improvements you would like to see. More books in all categories, more hours and a comfortable place to read or study were the major suggestions. We made a concerted effort to expand the students' reference section, adding a substantial number of volumes. A wooden arm chair was purchased to make browsing more enjoyable. We hope to open at eleven o'clock on Thursday mornings, beginning in April.

Our grateful thanks go to Hoppy Barnard, Maureen Boisvert, Lynn Quinlan, Vanessa Geraci and Christine Ford for providing a weekly story hour through-out the summer.

We are now pooling our income from the Zylonis trust with that of Nashua, Pelham and Londonderry. A consortium of representatives from the four libraries, plus members of the Lithuanian community, have been meeting to decide on ways to expend the funds according to the dictates of the court. A photographic history of Lithuanians in the Nashua area is already underway, and a chamber music concert, featuring the works of Jeronimus Kacinskas, is planned for the spring. The performance will be free, and will be given in each of the four towns.

ZONING BOARD OF ADJUSTMENT-1984

Under the provisions of the state laws which empower towns to adopt zoning regulations, the town must also establish a local Board of Adjustment. This Board is empowered to hear, and act upon, appeals for variances under the zoning ordinance when unique conditions apply and specific and quite narrow requirements are met by a particular piece of property.

In 1984 the Board of Adjustment received 25 such applications for special consideration. The nature of these applications is roughly categorized below as is the disposition of the cases:

TYPE

Variances

Setback requirements	8	
Intensification of use on non-conforming lot	2	
Septic system requirements	1	
Historic Center requirements	1

Complete records of the evidence and of the decisions of all cases are on file at the Town Hall and available to the public for review during regular town business hours. The Board expresses its thanks to townspeople who attended hearings and presented testimony relative to these cases, and encourages interested citizens to attend and participate in its hearings during the coming year.

Respectfully submitted,
Robert R. Pollard, Chairman
Mary Anne Smith

OFFICE OF SELECTMEN
TOWN OF HOLLIS

January 28, 1985

Mr. Hollis P. Nichols
Box 396
Hollis, N.H. 03049

Dear Mr. Nichols:

It is again our pleasure to write you to express our thanks for your ongoing financial support and interest in improvement and maintenance of the Nichols Fields.

This past year the Recreation Commission has had a very successful summer program which operated from the Nichols Field Shelter. In 1985 the Commission will be continuing the Teen Center activity started by a Citizens Group last year to provide a place for young people to gather on Friday and Saturday evenings.

Increasing use of the Nichols Field facilities for recreation has been made possible by your support and interest. May we express our sincere thanks on behalf of the Town for all you have done to further improvement and maintenance of the Nichols Fields.

Sincerely yours,
Frederick Q. Gemmill
Richard A. Walker
Philip W. Mercer
Selectmen of Hollis

SELECTMEN'S DOINGS 1984

The year 1984 was a year of change for town government. A new Police Chief, Richard H. Darling, was hired replacing Paul Bosquet who had resigned effective April 1, 1984. Then a new Public Works Supervisor, Arthur LeBlanc, was hired replacing Roy L. Wilkins who retired effective December 1, 1984. These changes of key department heads was accomplished with the aid of two search committees headed by David Gregg and to both of them we owe our thanks for their work in helping us find well qualified and outstanding replacements.

For several years now we have been searching for suitably located land to build a new police station, which is sorely needed, but without success. Again a Citizens Committee chaired by Brad Glass formulated the requirements for the facility and 13 different sites were considered and their owners approached without success. Unexpectedly the Sundstrom house and adjoining property at the corner of Ash and Silver Lake Roads was offered in July. A very thorough investigation of the building and architectural concepts for conversion to a police station were developed only to have the Special Town Meeting held September 12, 1984 turn down the proposal. At this time we have no solution to the inadequacies of the present facility and we are still looking for a suitable site. We hope that someone will come forward with a suitable proposal during 1985.

Hollis has continued to grow in population and is now approximately 5,000 according to the Office of State Planning. The Building Inspector reports 85 new single family residence building permits were issued last year. The Planning Board has had numerous new subdivisions submitted for approval which will add to the supply of building lots. Commercial activity has also increased with further development of the Clinton Drive industrial area and plans are being developed for a shopping center near the Four Corners.

Improvement of our roads has continued with the completion of Farley Road from Nevins Road to South Merrimack Road and South Merrimack from Nevins to the junction with Farley Road. Completion of the last section of South Merrimack from Farley Road junction to Silver Lake Road is scheduled for 1985. Also paving Truell Road where it is now gravelled is scheduled for 1985. Drainage of Rideout Road and Federal Hill Road at the south end of Silver Lake Road will be addressed and significant improvements are planned for completion during 1986.

The State Highway Department has begun the design phase of improving Ash Street and Broad Street from the Four Corners to Pine Hill Road. This project has been on the State Highway planning schedule for over five years. Two routes were considered (1) a By-Pass from Rocky Pond Road through improved agricultural land to Pine Hill Road and (2) widening Ash Street and part of Broad Street. The second route was chosen for design to eliminate taking a substantial amount of agricultural land, lower construction costs and the need to improve the dangerous intersections at each end of Ash Street. Public hearings will be held when the design has been developed and takings as may be required identified.

One of the key responsibilities of the Selectmen is that of assessors. We have hired a qualified appraiser to help us gather detailed information regarding all structures which ultimately will form the basis for the reassessment to be put in place in 1986. This approach was approved at the 1984 town meeting and will be pursued during the coming year.

The fire safety renovations for the Town Hall have been contracted and the work will be accomplished early in 1985. The front entrance hall, front stairways and rear stairs and rear exit areas will be rebuilt to meet fire safety code regulations.

Financially we have had a good year where revenue exceeded estimates in significant amounts and interest earned exceeded interest paid on borrowed money in anticipation of taxes. Expenses were generally within estimates and the overall appropriations. The unencumbered budget surplus of \$126,000 will be used to reduce the town tax rate for 1985.

The cooperation of all Police, Communications and Public Works personnel must be especially acknowledged in adjusting to the changes in departmental leadership which occurred during the year.

We look forward to 1985 as a new opportunity to serve you.

Sincerely,
Frederick Q. Gemmill, Chairman
Richard A. Walker
Philip W. Mercer
Hollis Board of Selectmen

TOWN MEETING MARCH 13, 1984

The meeting was called to order by Moderator Roger Hammond at 7:00 AM for voting on the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To conduct other business by official ballot.

Voting continued until 7:06 PM. The vote was announced at 9:45 PM and the meeting was adjourned until 7:30 PM March 14, 1984 in Walters Auditorium at the Hollis Area High School.

A True Copy of Record – Attest:
Nancy Jambard, Town Clerk

TOWN MEETING MARCH 14, 1984

The meeting was opened by Moderator N. Roger Hammond at 7:30 PM in Walters Auditorium. Chairman of the Selectmen – Philip Mercer – presented a Cross Pen and Pencil Set and *A History Of Hollis, NH* to former Police Chief Paul Bosquet, for his years of dedication and service to the Town of Hollis. Also, thanks were given to retiring Richard Drisko and Dorothy Colson for their years of service on the Budget Committee.

ARTICLE 1 – Motion by James Belanger to delay action on Article 1 at this time, to be taken up after ARTICLE 30. ARTICLE 1 – to raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. Seconded by Philip Mercer. Carried.

ARTICLE 2 – Motion by James Belanger to accept reports of Selectmen and other Town Officers and Committees. Seconded by William Price. Carried.

ARTICLE 3 – Motion by James Belanger to see if the Town will authorize the Selectmen to borrow money in anticipation of taxes. Seconded by Dorothy Gemmill. Carried.

ARTICLE 4 – Motion by James Belanger to see if the Town will vote to authorize the Tax Collector to accept prepayment of taxes in multiples of \$10.00. Seconded by Richard Tolstrup. Carried.

ARTICLE 5 – Motion by Roland Schellenberg to see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its previous appropriations and its 1984 appropriation, said funds to be placed in a special conservation fund in accordance with RSA 36-A:5. Seconded by Katherine Hardy. Carried.

ARTICLE 6 – Motion by Leonard Jean to see if the Town will vote to authorize the Board of Selectmen to apply for, accept, and expend money from the state, federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b. Seconded by James Belanger. Carried.

ARTICLE 7 – Motion by Frederick Gemmill to see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following specific purposes and in the amount indicated herewith or take any other action hereon. Highway Department: \$31,037.49. Seconded by James Belanger. Carried.

ARTICLE 8 – Motion by Leonard Jean to see if the Town will authorize the Selectmen to make permanent the posting of Rideout Road, Parker Lane and French Mill Road for "No Through Trucking" now in effect since July 25, 1983. Seconded by John Miley. Carried.

ARTICLE 9 – Motion by James Belanger to see if the Town will authorize the Selectmen to transfer \$992.78 from the general fund to the Trustees of the Trust Fund for the maintenance of the horse ring at Nichols Field. Seconded by Philip Mercer. Carried.

ARTICLE 10 – Motion by Leonard Jean to see if the Town will establish an ordinance prohibiting baseball and frisbie playing on the Common at Monument Square. Seconded by Inez Morrison. Defeated.

ARTICLE 11 – Motion by Thomas Stawasz to see if the Town will authorize the Selectmen to sell a narrow triangular strip of land to Albert H. Quigg containing 1/10 acre between his Lot 14, Crestwood-In-Hollis and Lot 15 owned by the Town of Hollis, in accordance with the subdivision plan approved by the Planning Board for the sum of \$1,142.00. Seconded by James Belanger. Carried.

ARTICLE 12 – Motion by Donald MacGinnis to see if the Town of Hollis will authorize the Board of Selectmen to enter into a contract on terms deemed in the best interest of the Town for the appraisal of all properties and appropriate a sum not to exceed seventy-five thousand dollars (\$75,000.00) or take action relative thereto. Seconded by Leonard Jean. Petition article – ballot vote.
Votes cast – Yes-66 No-152. Total cast-218. Defeated.

ARTICLE 13 – Motion by Robert Ambra to see if the Town of Hollis shall call upon the Governor and Executive council, its State Representative(s) and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools and agencies in the Town of Hollis, and to direct the Selectmen to promptly notify our above elected officials of the Town's desire. Seconded by Geraldine Zandi. Thomas Stawasz moved to table ARTICLE 13. Seconded by Richard Birch. Carried.

ARTICLE 14-29 – Motion by James Belanger to accept all ARTICLES 14-29, excluding ARTICLE 16, 24, 15 & 20. Seconded by Mario Martinello. After discussion from James Squires about the need to discuss each ARTICLE individually and objecting to the clumping together of the ARTICLES, James Belanger withdrew his motion. Mario Martinello withdrew his second.

ARTICLE 14 – Motion by James Belanger to see if the Town will authorize the Selectmen to withdraw and expend \$2,600.00 of the funds in the Map Capital Reserve Fund to update and maintain town maps. Seconded by Mario Martinello. Carried.

ARTICLE 15 – Motion by Lynwood Lund to see if the Town will appropriate \$130,000.00 to purchase a new fire truck and authorize the Selectmen to withdraw a sum not to exceed \$130,000.00 from the Fire Truck Capital Reserve Funds. Seconded by Susan Durham. Dave Darling made a motion to table this ARTICLE until next town meeting. Seconded by Anthony Stanizzi. Standing vote on amendment. Yes–95 No--115 Defeated. James Belanger made a motion to amend the ARTICLE to read – to see if the Town will appropriate \$130,000.00 to purchase or lease a new fire truck and authorize the Selectmen to withdraw a sum not to exceed \$130,000.00 from the Fire Truck Capital Reserve Funds. Seconded by Leonard Jean. Amendment carried.

ARTICLE 16 – Motion by Inez Morrison to see if the Town will raise and appropriate the sum of \$45,000.00 for the purpose of meeting state fire safety code requirements and implementing energy conservation measures in the town hall. Seconded by Nancy Fischer. Carried.

ARTICLE 17 – Motion by Philip Mercer to see if the Town will raise and appropriate the sum of \$8,000.00 to be placed in capital reserve fund for a grader. Seconded by Frederick Gemmill. Carried.

ARTICLE 18 – Motion by James Belanger to see if the Town will raise and appropriate the sum of \$6,000.00 to be placed in capital reserve fund for highway garage expansion. Seconded by Mario Martinello. Carried.

ARTICLE 19 – Motion by James Belanger to see if the Town will raise and appropriate the sum of \$6,000.00 to be placed in capital reserve fund for a front loader. Seconded by Mario Martinello. Carried.

ARTICLE 20 – Motion by Leonard Jean to see if the Town will raise and appropriate the sum of \$15,000.00 to be placed in capital reserve fund for fire trucks. Seconded by James Belanger. Carried.

ARTICLE 21 – Motion by James Belanger to see if the Town will raise and appropriate the sum of \$15,000.00 to be placed in capital reserve fund for a utility 4-wheel drive truck. Seconded by Mario Martinello. Carried.

ARTICLE 22 – Motion by Richard Birch to see if the Town will raise and appropriate the sum of \$2,000.00 to be placed in capital reserve fund for a rescue van. Seconded by James Belanger. Carried.

ARTICLE 23 – Motion by Nancy Fischer to see if the town will raise and appropriate the sum of \$2,000.00 to be placed in capital reserve fund for an ambulance. Seconded by James Belanger. Carried.

ARTICLE 24 – Motion by James Belanger to see if the Town will raise and appropriate the sum of \$50,000.00 to be placed in capital reserve fund for a Communications Center and Police Station. Seconded by Mario Martinello. Carried.

ARTICLE 25 – Motion by Judy Ferguson to see if the Town will raise and appropriate the sum of \$10,000.00 to be placed in capital reserve fund for library expansion. Seconded by Richard Tolstrup. Carried.

ARTICLE 26 – Motion by Thomas Stawasz to see if the Town will raise and appropriate the sum of \$6,000.00 to be placed in capital reserve fund for a 3/4 ton 4 X 4 Pick-Up Truck. Seconded by Leonard Jean. Carried.

ARTICLE 27 – Motion by Nancy Birch to see if the Town will raise and appropriate the sum of \$10,000.00 to be placed in capital reserve fund for a new diesel dump truck. Seconded by Richard Birch. Carried.

ARTICLE 28 – Motion by Clayton Long to see if the Town will raise and appropriate the sum of \$5,000.00 to be placed in capital reserve fund for a diesel dump truck I. Seconded by Margaret VanBlarigan. Carried.

ARTICLE 29 – Motion by Margaret VanBlarigan to see if the Town will raise and appropriate the sum of \$5,000.00 to be placed in capital reserve fund for a diesel dump truck II. Seconded by William Price. Carried.

ARTICLE 30 – Motion by Nancy Birch to see if the Town will authorize the Selectmen to withdraw and expend amounts not to exceed \$5,000.00 for preparation of architectural plans and \$50,000.00 for acquisition of land from capital reserve fund for a new Communications Center and Police Station. Seconded by Dorothy Gemmill. Carried.

ARTICLE 31 – Motion by Philip Mercer to raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. – \$1,686,452.00. Seconded by James Belanger. Carried.

Motion by Roland Schellenberg to adjourn this meeting. Seconded by David April. Carried. Adjourned at 11:38 PM.

A True Copy of Record – Attest:
Nancy Jambard, Town Clerk

SPECIAL TOWN MEETING MAY 23, 1984

The meeting was opened by Moderator N. Roger Hammond at 8:00 P.M. in the Lower Town Hall. Moderator read Article 1.

ARTICLE 1. To see if the Town will vote to convey to John S. Marriner the following parcel of land:

A certain tract or parcel of land situated in Hollis, bounded on the North by land of one O'Neill; on the East by Worcester's meadow, so-called; and on the west by the road from Hollis to Pepperell; and on the south by the Boston & Maine Railroad, containing thirty-two (32) acres, more or less.

The purpose of the proposed conveyance is to remedy (1) a title defect caused by the fact that when the Selectmen conveyed said property to Mr. Marriner's predecessors in title by deed dated July 23, 1945, and recorded in Volume 1086, page 60, Hillsborough County Registry of Deeds there was apparently no authorization by town meeting and (2) an additional title defect caused by the fact that when the Selectmen released to John S. Marriner the rights to remove sand and gravel which it had reserved in said 1945 deed there was apparently no vote of the Town.

By this conveyance, the Town releases any and all rights to the property.

Fred Gemmill moved, seconded by Philip Mercer: THAT Article 1 be approved as read by the Moderator. Carried.

Moderator then said that for the record he would like it known that the town clerk had informed him she could not be present at this town meeting. Moderator so informed the Selectmen who appointed Louise R. King as Deputy Town Clerk in her stead for the purpose of taking the minutes and being present at this town meeting only.

Motion by Philip Mercer, seconded by Richard Walker: THAT we adjourn this meeting. Carried. Meeting adjourned at 8:04 P.M.

A true copy of record – attest
Louise R. King
Deputy Town Clerk of Hollis, N.H.

SPECIAL TOWN MEETING SEPTEMBER 12, 1984

The meeting was called to order by Moderator N. Roger Hammond at 7:32 PM.

ARTICLE 1 – Motion by Richard Walker to see if the Town will appropriate a sum not to exceed \$351,000.00 for the acquisition and renovation of the Sundstrom-Staveley property at Silver Lake Road and Ash Street for the purpose of placing a new police station/communications center there and incur indebtedness for a period of not more than four years in the same amount, for the same purposes. Seconded by Frederick Q. Gemmill. Voting by ballot. Polls opened at 9:30 PM and closed at 10:30 PM. Yes–195 No–220. Total cast–415. Needed to carry–273.

Motion by Richard Walker to discuss ARTICLE 2 while balloting for ARTICLE 1 was commencing. Seconded by James Belanger. Carried.

ARTICLE 2 – Motion by Richard Walker to see if the Town of Hollis will convey a certain parcel of land located on the easterly side of Rocky Pond Road to Charles B. Spaulding, Jr., in exchange for the sum of \$1,500.00, said parcel described as follows:

A certain tract or parcel of land situated in said Town of Hollis on the east side of the road leading from said Hollis to Brookline by the Worcester Brothers Mill Place and about 30 rods north of where said road unites with the Proctor Hill Road and bounded as follows:

Beginning at a stake and stones at the northwest corner of said premises and on the east side of said road; thence

- 1) Southerly by said road 8 rods to a stake and stone; thence
- 2) Easterly 10 rods to a stake and stones; thence
- 3) Northerly 8 rods to a stake and stones; thence
- 4) Westerly 10 rods to the bound first mentioned.

Containing 80 square rods, be the same, more or less, and giving to said Town a right to dig and remove the soil and gravel up to the lines adjoining land now or formerly of Charles Reed and excepting and reserving all of the wood and timber now standing on said land or that may grow thereon at all times hereafter, and a right to enter upon said land and cut and remove the same, as Charles Reed may desire. Seconded by Frederick Q. Gemmill. Carried.

Motion by Keith Merrill to adjourn this meeting. Seconded by Thomas Stawasz. Carried.

Meeting adjourned at 10:45 PM.

Respectfully submitted,
Nancy Jambard, Town Clerk

HOLLIS SCHOOL DISTRICT WARRANT

The State of New Hampshire

To the inhabitants of the School District in the Town of Hollis in the County of Hillsborough, State of New Hampshire, qualified to vote upon District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE WALTERS AUDITORIUM IN SAID DISTRICT ON MONDAY, THE ELEVENTH DAY OF MARCH, 1985, AT 7:30 O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS:

1. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the District.
2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.
3. To choose Agents and Committees in relation to any subject embraced in this warrant.
4. To see if the District will authorize the School Board to make application for and receive in the name of the District such advances, grants and aids, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other state or private agency, and to expend the same in accordance with RSA 198:20B.
5. To see if the District will vote to raise and appropriate the sum of \$49,000, or any other sum, for the establishment and support of a Public Kindergarten, or to take any other action relative thereto. (Not recommended by the Budget Committee 5-3)
6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries and benefits for School District officials, employees and agents, and for the payment of statutory obligations of the District.
7. To transact any other business which may legally come before said meeting.

Given under our hands and seals at said Hollis this twelfth day
of February, 1985.

James P. Belanger
Susan B. Durham
William N. Ferree
Gerald J. Hornik

SCHOOL BOARD

HOLLIS SCHOOL DISTRICT ANNUAL MEETING

The school district moderator, Dr. James Squires, called the meeting to order at 7:40 P.M., March 12, 1984, in Walters Auditorium at Hollis Area High School.

ARTICLE 1—To determine and appoint salaries of the School Board and Truant Officer, and to fix the compensation of any other officers or agents of the district. Moved by Joan Cole to pass over this article and take it up under ARTICLE 6. Seconded by Stan Porter. The motion carried.

ARTICLE 2—To hear reports of agents, auditors, committees or officers, and pass any vote relating thereto. Moved by Geraldine Zandi to accept the reports as printed in the Town Report. Seconded by Nancy Fischer. The motion carried.

ARTICLE 3—To choose agents and committees in relation to any subject embraced in the warrant. Moved by Al Cieto that this article be passed over. Seconded by Peggy Van Blarigan. The motion carried.

ARTICLE 4—To see if the district will authorize the school board to make application for and receive in the name of the District such advances, grants, and aids, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other state or private agency, and to expend the same in accordance with RSA 198:20b. Moved by Jim Kelly. Seconded by Fred Gemmill. The motion carried.

ARTICLE 5—To see if the District will vote to raise and appropriate the sum of \$19,698, or any other sum, for the establishment and support of a Public Kindergarten, or to take any other action thereto. Moved by Carolyn Araujo. Seconded by Bob Gamber.

School Board president Gerald Hornik reviewed background studies on the Public Kindergarten proposal, with detailed figures on the cost of the program and also on the educational benefits for Hollis youngsters. The school board had previously voted on the establishment of a kindergarten program, with 4 members in favor, and one opposed. He introduced the fifteen members of the kindergarten study committee, and thanked them for their considerable work done in studying the question.

School Board member Jim Belanger then stated his reasons for opposing the establishment of a public kindergarten this year, and moved to lay ARTICLE 5 on the table. His motion was seconded by Nancy Dunbar. 214 voters voted by ballot to lay the article on the table. 153 voted no; therefore ARTICLE 5 was not passed.

ARTICLE 6—That the District raise and appropriate the sum of \$4,354,724 for the support of schools, for the payment of salaries and benefits for School District officials, employees, and agents, and for the payment of statutory obligations of the district. Moved by Gerald Hornik. Seconded by Bill Price. ARTICLE 6 was carried by voice vote.

ARTICLE 7—To transact any other business which may legally come before said meeting. Gerald Hornik acknowledged the efforts of Winifred Hall, who had to resign as School Board member for health reasons, and he recognized her dedication to the schools. He thanked Mary Kaplan, who filled in for Winnie, during months which demanded a very hard work schedule.

The motion to adjourn was made by David April and seconded by Fred Gemmill at 10:30 P.M.

Respectfully submitted,
Adelaide Saunders
School District Clerk

HOLLIS SCHOOL DISTRICT SPECIAL MEETING

On December 17, 1984, at 7:35 P.M., Hollis School District Moderator James Squires called the meeting to order in Walters Auditorium of Hollis Area High School. He explained the circumstances of a special school district meeting, and the Hillsborough County Superior Court's approval of the petition from the Hollis School Board.

School Board Chairman Gerald Hornik gave information on the negotiations and the agreement between the school board and the Hollis Educational Association.

The warrant article was read as follows: To see if the District will vote to raise and appropriate the sum of \$177,278 to fund all cost items related to teachers' salaries and fringe benefits for the 1984-85 school year which resulted from negotiations with the teachers, and represents the negotiated increase over the 1983-84 salary and fringe benefits.

Gerald Hornik made a motion that the article be approved.

His motion was seconded by Ann Caldwell.

After a period of questions and comments, Ambrose Nangeroni moved the question, seconded by Tom Stawasz.

By ballot vote, the article was approved, with 433 in favor, and 109 opposed.

At 9:25 a motion to adjourn was made by Roger Hammond, and seconded by Bill Price. The moderator adjourned the meeting.

Respectfully submitted,
Adelaide F. Saunders
School District Clerk

HOLLIS SCHOOL DISTRICT BUDGET

Account Number and Description	Budgeted 1983-84	Actual 1983-84	Budgeted 1984-85	Proposed 1985-86

PRINCIPAL'S REPORT HOLLIS ELEMENTARY SCHOOL

As the new elementary principal in Hollis, I have experienced a sense of both pride and challenge. Strong teacher commitment coupled with a competent and capable staff have enabled us to deal with the challenge of meeting individual student needs.

Academically, we have had a successful start to our year. Sixteen faculty members are expected to participate in a University of New Hampshire course on the Writing Process. Plans are underway to incorporate a tri-basal system in Reading in order to better meet the diverse needs of our students. This, coupled with the implementation of the writing process will make for a well-rounded Language Arts Curriculum. The Scott Foresman Social Studies program is being adopted and the purchase of textbooks is expected to be completed by the close of this school year. The Science Curriculum is being reviewed by all staff members with recommendations being made to inventory all equipment and make it accessible to all staff members as well as the purchase of additional materials to assist in the full implementation of this curriculum. Math continues to be an area stressed by teachers and dealt with on an individualized basis as much as possible in order to provide challenges for the students. Computers continue to be integrated into the classroom and fifth and sixth grade participate in computer classes with the Logo Curriculum. The Rhinehart Handwriting System is utilized in all grades 1-6.

A first annual Grandparent's Day was held in November and was an overwhelming success. Over three hundred grandparents attended and were well pleased with the program. Through the efforts of the Hollis Elementary People (HEP) such events as Pizza Night, Subs and Sundaes Night, and June Jamboree helped build a positive bond between the school and the community.

In order to become acquainted with the students at Hollis Elementary School, I have instituted several programs which afford me direct personal contact with the students. They include, "Caught Being Good Program", "Lunch with the Principal" each week, "Student Birthday" cards and ribbons along with a newly elected Student Council. Each of these programs has given students direct interaction with the principal and has been well received by the students. Additionally, a monthly assembly program has assisted in giving students recognition, as well as a forum in which to demonstrate their talents.

An Environmental Science Program is being conducted two days a week by Janet McFarland. Students eagerly participate in this program which affords us an opportunity to take advantage of the facilities at Beaver Brook.

The Pupil Personnel Team, under the direction of Sam Giarrusso, Assistant Principal, has dealt with the challenge of providing specialized services to needy students. The efforts of the entire team are to be recognized and commended.

The staff and I are currently involved in formulating a meaningful and worthwhile homework policy. It is hoped that high standards will be established along with a clear statement with regard to responsibilities and time guidelines for each grade level. Current research attests to the direct correlation between homework and student achievement. As a school, we are prepared to meet this challenge with high expectations for our students.

As a personal message, I would like to thank the School Board, Superintendent, and fellow administrators, as well as parents, for their support and assistance during my first year in Hollis. Additional thanks goes to the staff which has provided highly competent service and support to our school to make it a great place for the students at Hollis Elementary School. Special thanks to your children whose behavior reflects credit on themselves, the school, and your community.

Respectfully submitted,
Peggy McAllister

PRINCIPAL'S REPORT HOLLIS JUNIOR HIGH SCHOOL

The 1984-85 school year opened with four new staff members, Karen Gustafson, English/Gifted; Barbara Blahut, Math; Jacqueline Lucas, Reading; and Laurel Thomas, English/History.

In cooperation with the Jane Ballard Memorial Fund and the New Hampshire Commission on the Arts, we are fortunate to have the services of a professional writer and a professional sculptor. Elizabeth Kirschner and Emile Birch work with our students in writing and sculpturing respectively.

We have implemented a required Computer Literacy course for all grade eight students. This has been a highly successful and exciting program. Our plans call for the implementation of a course for grade seven students, beginning in September 1985.

We have implemented an Interscholastic sports program for the 1984-85 school year. Soccer, basketball and spring track are the sports that are offered on a competitive basis. We are pleased with the tremendous enthusiasm displayed by both the participants and the spectators. We will continue to offer intramural programs as we have in the past.

Hollis Junior High School continued to concern itself with the following functions:

1. Building the curriculum from the Hollis and Brookline Elementary School programs and continuing to offer a general program of education.
2. Providing the students with exploratory opportunities to meet the challenge of their widening range of interests and to serve as a guide to career pursuits.
3. Preparing students for the more specialized programs of Hollis AREA High School.
4. Promoting, developing and nurturing individual differences and providing an educational structure to meet these individual scholastic and social needs.

A committee has been working with David Lopatich, architect, on the continuing improvement of the building to enhance the educational climate and comfort of all who work in the building.

We would like to thank our school volunteers for the many hours of devoted service they have given to our students and school.

Respectfully submitted,
Robert McGettigan

PRINCIPAL'S REPORT HOLLIS AREA HIGH SCHOOL

Our Self-Evaluation for the New England Association of Schools and Colleges is well underway, thanks largely to the efforts of Michael Fox, our Steering Committee Chairman. We are planning a big reception for the Visiting (Evaluation) Committee next November. The evaluation team will consist of 17 professional educators (teachers and administrators) from the New England area who will visit our school for four days.

Stephanie McAllister is serving as the President of the Student Council and has continued the tradition of fine leadership. She introduced the first annual Winter Carnival, and has improved communications with the faculty by addressing them directly on important issues.

Elizabeth "Buffy" Dressler received the Nashua Area Youth of the Year Award from the Exchange Club. This is the second time in three years that a student from Hollis AREA High School has received the award.

The parent volunteers continued their faithful service to us in many areas. This year's co-coordinators are Nancy Fischer and Linda Sidore. Dee Brede arranged for the hot lunch program volunteers.

A lot of time has been spent "eliminating the bugs", to use new "High Tech" language, in our computerized report card and student scheduling programs. The system seems to be working fine and is now under the direction of Charlotte Prevost in the Guidance Department.

Jane Lavigne, our School Nurse, helped the Senior Class to organize our second annual Red Cross Blood Drive. We reached our goal of 75 pints.

I am approaching a decade of service to the communities of Hollis and Brookline. This is my eighth year. I have found each year to be challenging and rewarding. I'm looking forward to my tenth anniversary in the near future.

Respectfully submitted,
Daniel F. Moegelin

SUPERINTENDENT'S REPORT

PUBLIC EDUCATION: A SOUND INVESTMENT IN AMERICA. This year, more than ever, public attention is focused on one of the most important cornerstones of American values and life—the public schools.

Our schools have always held a high place in American consciousness. We are proud of them and proud of what they stand for—**EXCELLENCE** and **QUALITY**.

In recent years, however, our schools have been the target of some criticism and complaints. People are no longer convinced that the schools are really doing the job of educating our youth.

The fact is, in most cases, the schools are doing a good job and in some instances an excellent job. Overall, there sometimes exists a communication problem between the schools and the rest of the community. All too often, people do not really know what is going on in the schools. This does not stem from a lack of interest, but rather from a lack of good sources of information. In both Hollis and Brookline we are working to let our constituents know what is being accomplished in our schools, what improvements are being made, and where we need help.

One area where we are seeing new things happening in education is the whole new world of computers. It may be said that nationally the schools are currently in the grip of a computer mania. Locally, however, we have been able to maintain a very realistic approach to the use of computers in the schools. One of the reasons we have not gone "overboard" with the desire to provide dozens of computers in our classrooms is the set of written guidelines for computer skills and literacy that was written by a team of staff members during the summer of 1982.

Among other things, that team made the following significant recommendations:

1. That we develop and implement a continuous in-service education program for our teachers.
2. That we establish an Advisory Coordinating Team.
3. That we adopt a long range plan for purchasing computers and peripheral equipment.
4. That we develop a budget for a computer maintenance program.
5. That we plan and implement computer courses at appropriate grade levels.

All of the recommendations have been carefully followed, so you can see that the computer revolution in our schools is not out of control. Our schools, our teachers, and our administrators are putting a lot of effort into making sure it happens right.

I hope this information will encourage everyone to take a fresh look at our schools. Help us spread the word. American schools are still the symbol of equality and excellence, and a critical ingredient in a successful democracy. In that sense, supporting public education is not a cost, but rather an investment in our community, state and nation.

Respectfully submitted,
Philip J. Dahlinger
